

# ROAD AND TRAIL CLOSURES FOR DUPONT STATE FOREST

**Effective date: April 2, 2010 until further notice**

**Discussion:** The winter of 2009-10 was wetter and colder than any winter in recent years. As a result, some of DuPont State Forest's roads and trails still have debris in them. Ice storm debris has been cleared from 75 percent of the trails. DSF staff and volunteers are working to clear all the trails. The Forest Supervisor has ordered the ten trails listed below, totaling 8.5 miles, be closed. The list will be updated on a weekly basis as conditions change.

**Forest visitors are asked to abide by all the posted trail closures.**
